THE LOCATION

IN the "Land of the Sky," the heart of the Blue Ridge Mountains of North Carolina, sixteen miles east of Asheville, lies Montreat, 2,600 feet above sea-level, in a region unsurpassed for healthfulness of climate and beauty of scenery. The surrounding mountains are clothed to the summit with virgin forests. The transparent streams that form the headwaters of the south fork of the Swannanoa, as they dash over masses of rock and form numberless cascades, not only add to the charm of the landscape but furnish an abundance of pure water to the town and sufficient power to the electric plant. Montreat has all the modern conveniences of a city—water, light, sewerage, telephone, telegraph, postoffice, store, etc. These features, together with the quiet seclusion from the outside world and a charming Christian community, render Montreat an ideal place for a school.

ESTABLISHMENT AND PURPOSE

In 1915, Rev. R. C. Anderson, President of the Mountain Retreat Association, authorized by the Association, offered to the General Assembly of the Presbyterian Church in the United States, to be used for a Normal School, such buildings of the Association as should be necessary for such a school, without cost, except the upkeep of the buildings while in actual use by the school.

This offer was accepted, and eight Synods organized the Montreat Normal School in 1916.

The purpose of the school is two-fold: first, to give Christian education to worthy girls of High School and Junior College age who desire education, are capable of receiving an education, and whose character and purpose assure the best use of the same; second, through the two-year Normal Course, to train girls for teaching. In this course the girls have the regular teacher-training classes, and under an experienced practice teacher they observe and do regular teaching in the Montreat public school. In including the two-year Normal Course the school has particularly in view the training of teachers for our mission schools throughout the surrounding states.

BUILDING AND EQUIPMENT

The Montreat Hotel is used as a dormitory. This building is comfortably heated with steam. On the first floor are the reception hall and reading rooms. The upper floors are used as a dormitory.

The bedrooms are pleasantly located, comfortably furnished, and lighted by electricity. The dining room is spacious and attractive. A library of several hundred volumes of standard books is open in the building to the students. The reading rooms are supplied with papers, leading magazines, reviews, educational journals, and the Presbyterian Church papers.

PHYSICAL CULTURE

Every student is required to take work in Physical Culture twice a week during the time she is attending school. Attendance is compulsory unless a student is excused by the medical adviser of the school.

HEALTH CONDITIONS

The school provides a nurse, who lives in the dormitory and looks after the health of the students. An experienced physician has oversight of the health conditions of the students. The record for the school in the past shows that there has been very little sickness. We attribute the remarkable health of the school as a whole to the required daily exercise, the simple and wholesome diet, the good water, and the delightful mountain climate.

RELIGIOUS LIFE

Aside from the emphasis laid on the assigned course in Bible study and the regular attendance at church services and Sunday School, the school endeavors to maintain the atmosphere of a Christian home. There are devotional services at Chapel each morning and prayers in the evening. After prayers there is a class in Shorter Catechism, which is conducted by an ordained minister of the Gospel. This class is not compulsory, but all of the girls are deeply interested in the work and most of them recite the Catechism and receive Bibles before the end of the school year.

Daily quiet hour of fifteen minutes is held during the week, and on Sundays from two-thirty to five is observed as quiet hour. This time is to be used for private devotions.

The Christian Endeavor Society of the school is a live organization. The girls have entire charge of the programs and committee work. The regular Christian Endeavor prayer meeting is held each Sunday evening, and on Wednesday the Christian Endeavor Society conducts evening prayers. Once a week there is held a C. E. Expert Class, in which is studied as a text-book

"The Christian Endeavor Expert." The class also takes up methods of organization and the uses of the printed helps sent out by the United Society of Christian Endeavor. This class endeavors to train the girls so that they will be capable of organizing and conducting in the communities into which they shall go societies for young people and children. Lack of such work is felt sorely in the Church today.

The Student Volunteer Band grows steadily. It is a strong factor for good in the school. The bands conducts a service on Sunday afternoon. Many home and foreign mission workers have addressed the band. The school is invited to all lectures.

STUDENTS' ORGANIZATION

The student body have organized themselves into the Students' Organization of the Montreat Normal School, and have adopted as their motto: Esse non Videri. This organization through its Executive Committee appoints permanent committees to take the lead in the student activities during the year, with an advisory member chosen from the faculty for each committee.

The former Literary Society—The Margaret Preston Society—is merged into this organization under a literary committee with the instructor in English as advisory member. There are a dramatic committee, a music committee, and an athletic committee.

Under this plan some very creditable work is done and interesting programs are given during the school year. This organization is also the medium through which public opinion is brought to bear upon any student who does not come up to the adopted standard.

EXPENSES FOR THE YEAR

FOR BOARDING PUPILS

Board and Tuition for the year of nine months	$225.00
Payable September 12th	125.00
Payable January 29th	100.00
Tuition for day pupils	50.00
Payable September 12th	25.00
Payable January 29th	25.00
Medical fee (required of all students, payable September 12th)	5.00
Laboratory Fees:	
Chemistry	5.00
Physics	5.00

Biology	.50
Domestic Art	10.00
Breakage	2.00
Diploma Fee	4.00
Certificate Fee	3.00

A charge of six per cent will be made on all accounts unsettled for thirty days.

The school will refund no fees and dues on account of irregular attendance or change in plans on the part of the students, and there will be no deduction made on account of late entrance, if late entrance is allowed at all.

No student will be enrolled for less than the entire session.

No money will be refunded on account of absence, withdrawal, or dismissal. In case of protracted sickness, necessitating the withdrawal of the student, the loss will be equally divided between the student and the school.

Students and teachers will be charged at the rate of $1.00 a day for guests entertained at the school.

All checks and drafts should be made payable to the Montreat Normal School.

There are a limited number of single rooms. These rooms may be secured by paying $10.00 extra for each term, payable upon registering and on January 20.

No rooms are reserved until registration fee of $5.00 is paid.

Damage to room must be paid by the occupants.

SCHOLARSHIP LOAN FUND

A limited number of scholarships of $100.00 or less are given at the discretion of the Scholarship Loan Committee to girls well recommended, who are unable to pay the regular charges of tuition; and in addition to the gift of the scholarship, in exceptional cases, loans are made from a small loan fund to assist in payment of board.

In addition to this, a limited number of the girls are employed to assist in the dining rooms of the Montreat hotels during the summer months. For this service each girl is paid about $75.00 and her board. She is also given the benefit of the Summer Conferences.

In order to increase the Loan Fund, the scholarship committee is organizing a Montreat Students' Aid Association with a membership fee of $2.00 a year.

Co-operation and assistance in adding to the fund would be received very gratefully by the committee in charge of this work.

Donations entrusted to them will be handled most carefully, and the money will be used where it will do the most good.

Several girls who have been helped in this way during the past year have made good and are an example of how much might be done with a larger fund to draw on. Send subscriptions to Rev. R. C. Anderson, President.

HOW TO REACH MONTREAT

The nearest railroad station is Black Mountain, on the Southern Railway. From Black Mountain an auto line brings one to Montreat at the cost of fifty cents for passenger and seventy-five cents for trunk.

If the pupil will write to the Principal just when to expect her, arrangements will be made to meet her at Black Mountain.

For further information write to Rev. R. C. Anderson, Montreat, North Carolina.

GENERAL INFORMATION

All letters or telegrams requesting a student's absence from school must be sent to the Principal. Every student must leave in the office a list of her correspondents, approved and signed by parent or guardian. All letters and packages pass through the office and must be marked with the sender's name.

Callers, if identified, may see the student upon whom they call but may meet no other student without an introductory letter to the Principal. These calls are to be made on Monday afternoon and evening.

No visitors will be received on the Sabbath.

No uniform is worn. Only simple dressing is permitted. White middy suits for fall and spring wear and dark blue middy suits for winter wear have been found suitable. Gingham dresses are comfortable all winter in the heated buildings. For evening wear simple light dresses are desirable.

Heavy walking shoes are a necessity.

Every student must be supplied with overshoes, umbrella, raincoat, and sweater.

Students should have their eyes examined before entrance. All dental work must be attended to before leaving home.

Money and valuables should be deposited with the Principal, otherwise the school cannot be held responsible for their loss.

Students must provide themselves with sheets, bed spreads, pillow cases, scarfs, towels, table napkins, blankets, two clothes

bags, tumbler and teaspoon (for use in room), and toilet articles. Every article should be marked plainly with the owner's name.

Laundry is done outside the school at a reasonable rate.

COURSES OF INSTRUCTION

Three courses are offered leading to a certificate or a diploma: the Normal Course, Junior College, and the Course in Domestic Science and Household Management. For a diploma fifteen units of High School work and two years of Normal School work are required.

No change may be made in the chosen course of study after the first week.

GENERAL CONDITIONS OF ADMISSION

The applicant for admission into the Preparatory Department must present a certificate showing that she has successfully passed the examinations required by her county for admission into High School. It is desirable that she also present a record of her work for the previous school year, showing subjects studied and averages received. This report should be signed by the principal of the school.

The applicant for admission into the Junior College or the Normal Department must present a certificate of graduation from an accredited High School, or from a school giving equivalent preparation; or she must pass an examination on a course equivalent to that pursued in such schools.

All applications must be made on blanks furnished by the school. . The applicant must be recommended by her pastor or

ALBA HOTEL

some other responsible person, and she must present a certificate of health signed by her physician.

HIGH SCHOOL

The Preparatory Department of the school gives the regular course of study pursued in a standard High School. . It is accredited by the State Department of Education.

Entrance requirements for this department are completion of seven years of grade work, presentation of county certificate for entrance into High School, certificate of health signed by a physician, and a recommendation by pastor. An applicant who wishes to receive credit for work done in another High School must present a complete record of her work, showing for each subject studied the number of recitations in a week and the average received at the end of the term or year. This report must be signed by the principal of the school from which she comes.

HISTORY

Miss Belk

First Year 5 Periods 1 Unit

The object of teaching civics is to make good citizens. The facts, functions, and principles of government are worth while only as they find expression in use. The subject is of value only when closely associated with interests and activities of the community, and when it inculcates the moral impulse to a

more efficient and worthy type of citizen. In this course are taken up the chief characteristics of group life as they appear in the family, the school, the church, and the local community; problems of community welfare; the elementary phases of industrial society; and government and political parties.
Text: Hill's Community Life and Civic Problems.

Second Year 5 Periods 1 Unit
The first term of this course is devoted to the history of the ancient Orient and of Greece to the death of Alexander and the break of his empire, with the study of Western Hellas. The growth of democracy, law, science, art, and philosophy, and the characteristic life and spirit of the great classical period, with their contributions to, and influence upon, later times, are studied. The second term is devoted to the study of Rome as far as the death of Charlemagne, with the merging of the story of Greece and the story of Rome.
Text: Meyer's Ancient History.

Third Year 5 Periods 1 Unit
A brief survey is made of the international and colonial developments since the age of discovery. The course really begins with a cross section of the governmental, social, and cultural conditions of Europe about A.D. 1660. The pupil is led to see the widening of world activity through results of invention, commercial activity, humanitarian movements, and intellectual revival.
Text: West's Modern World.

Fourth Year 5 Periods 1 Unit
English History completes the survey of European History. A detailed study of English History is made because of its close relation to American literature, institutions, and history. The development of English social, political, religious, and economic institutions is traced, and special emphasis is put upon the fact that our institutions and civilization have come largely from these English beginnings.
Text: Montgomery's English History.

SCIENCE

Miss Coxe

Entrance conditions and courses in English and Biology are the same as in the College Course. Special requirements are one year of Chemistry, two years of Sewing, two years of Cooking, one year of Household Management, and one year of Practical Arithmetic.

A brief outline of this course is as follows:

Cooking 1: One single period theory and one double period laboratory.

An elementary study of the food principles. The source, growth, production, general composition, nutritive value, and cost of each food are studied. Serving of simple luncheons and breakfasts to members of the class.

Text: School and Home Cooking, Greer. Reference reading and notes.

Cooking 2: One single period theory and one double period laboratory.

A continuation of work begun in Cooking 1, with more advanced work in food study, menu making, invalid cookery, serving to invited guests. Elementary dietics.

LIFE SAVING

Text: School and Home Cooking, Greer. Reference reading and notes.

Students are asked to wear wash dresses to the laboratory and are required to have two white aprons. It is preferred that students bring material to school and make there, according to classroom directions.

Laboratory Fee: $10.00.

Sewing 1: 3 Period.

First Term: Hand and machine sewing. Basic principles of sewing applied to simple underwear, household linen, and one cotton dress. Study of cotton and linen. Darning and patching.

Second Term: Machine sewing. Tailored petticoat, several types of cotton dresses, using shirtwaist pattern as foundation pattern. Care of sewing machine.

Text: School Needlework, Oliver C. Hapgood.

Laboratory Fee: $2.00.

Sewing 2: 3 Periods per week.

First Term: Making of a suit of underwear by hand; wool dress, using commercial pattern. Study of wool and silk. Hygiene and care of clothing.

Second Term: Drafting. Making of a silk and an organdie dress by student's pattern. Suitability of clothing. Theory of color. Reference reading and notes.

Laboratory Fee: $2.00.

MUSIC DEPARTMENT

Under the skilled direction of Mr. and Mrs. Crosby Adams this department furnishes unusual opportunities for the study of music. Lessons in piano are given individually and in class.

The study of the piano is under Mrs. Adams' direction. Miss Archer will assist Mrs. Adams in the teaching of piano. In addition to this, bloth classes will meet with Mrs. Adams at stated periods for general review, ensemble practice and repertoire. During the year recitals will be given.

All students who sing can qualify (without fee) for membership in the Montreat Church Choir conducted by Mr. Adams. Much valuable training can be had in this way. The Choir sings in the Sunday morning service. Rare musical literature is studied for these occasions.

TUITION
